## **A MANUAL ELEMENTARY PRACTICE PRACTICAL SUGGESTIONS ON THE BEGINNINGS OF LEGAL PRACTICE (CLASSIC REPRINT) (PAPERBACK)**

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from A Manual Elementary Practice Practical Suggestions on the Beginnings of Legal Practice The young lawyer, upon his admission to the bar, may be equipped with a knowledge of the theory and principles of the law, but is usually ignorant of the practical side of his profession. The means whereby he may secure a clientage, the choice of a location, the selection of his library, the care and system of his office, and the opportunities for an association with other lawyers, are uppermost in his mind, and under active consideration. The elements of professional success, the course of his studies during his novitiate, the ways and means by which he can best acquire a knowledge of practice, the manner of doing professional work, as well as an acquaintance with its many departments, are all subjects inviting his early and earnest attention. He will find many valuable works on advocacy, procedure and the preparation and trial of causes, but little, and nothing in a connected form, relating to many other matters of equal value in his profession arid, perhaps, at this stage of his practice, of even greater benefit to him. These subjects, as well as the others, the author has attempted to discuss in this manual. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
