

Environmental Laws of India (Paperback)

By Dr Harkanwal Singh, Dr Shipali Rani

Createspace, United States, 2015. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.As a country, we have made substantial progress in cleaning up the environment, thanks to the ambitious statutory frame work, impressive contributions by states, municipalities, and the private sector, and most importantly by the Indian Public s unwavering support for clean air and water. And yet, we face a daunting array of challenges. The environment continues to be degraded by toxic chemicals such as pesticides, heavy metals and synthetic organic compounds. We continue to lose wet lands, wildlife habitat and other productive natural resources to development. Demand has exploded for clean water for all its many purposes, in some places outstripping available supplies, as population and economic activity increase. We are notoriously inefficient in the way we use both water and energy. Numerous fisheries are excessively harvested or depleted, and coastal estuaries and waterways are degraded by runoff from sources of pollution dispersed across the landscape. Most obvious today is the threat of global climate change; as more green house gases are pumped into the atmosphere, leading scientists report we have reached, or be close to reaching, a...
