Xulon Press. Paperback. Book Condition: New. Paperback. 86 pages. Dimensions: 9.1in. x 7.5in. x 0.3in. Practice Christian Living while saving America! It has been 40 years of Roe v Wade and the cultural-revolution in America--a society in decline mode, on the Church's watch. Prophecy: The author believes that 40 years is a Biblical milestone and there will be an upheaval and divisions in all areas of society--including the church. Like the author; do you feel like an outsider in your church? Have you spent years in your church trying to teach Historic Judeo-Christianity, essential Biblical doctrine, the moral law and apologetics, thinking you are making inroads, only to get beaten back in the end? You know you are losing your hair, but partly from pulling it out in frustration. Did you come to the knowledge that the church people don't have a problem in personal relationships so much as a relationship with the truth about who God is? The author in his 20-year experience in the evangelical church and observing the mainstream church in America has come to find out that the church is something less than a transparent, seeker-sensitive institution full of the love of Jesus. In fact, it can be one of the most close-minded, non-objective, protected institutions in America today--Conservatives need not apply. The author explains The Biblical Moral Law and exposes the liberal church on this issue and why they need a religion without it. Read how the fundamental doctrines of the reformation have been hijacked. Christian spirituality is laced with post-modern relativistic, feel-goodism. Read chapter 4 and find the Gospel as practiced by the Apostle Paul and the disciples--which you don't hear in your church. Read how the sexual and cultural revolution has changed the religion to a point where it is hardly recognizable....
